PROFESSIONAL EXPERIENCE

Internship

Sparkle Digital Solutions | November 2023 - Present

- Suggested technically efficient and flexible method to fetch API.
- Collaborated with cross-functional teams to deliver software solutions on time.
- Created and maintained technical documentation, including code comments, user manuals, and other relevant documentation as required.

Remote Internship

Oasis Infobyte | August 2023- September 2023

- Contributed and aced all 3 front-end projects
- Form validation and authentication using HTML CSS and Javascript
- Implemented CRUD operations
- Received LOR - https://drive.google.com/file/d/1ZAEEoA7dKPYvKYllEjj8-NZqZXRQrz46/view?usp=drive_link

PROJECTS

1.Netflix-GPT- OTT Platform with GPT features

- Used Firebase for authentication and validation
- Used React-router-DOM and provided access to authenticated users
- Used Redux Store for storing states of application
- Memoization is used to prevent unnecessary renders
- Language changing feature is provided
- GPT feature is provided from API fetched from openAI
